

RFP — IT Managed Services (Meridian Financial Services, 2026)

1. Overview

Meridian Financial Services invites proposals for the provision of IT managed services. Vendors will be evaluated on relevant financial-services experience, service-level commitments, security approach, and commercial proposal.

2. Mandatory requirements

Vendors must hold a current ISO 27001 information-security certification and professional indemnity insurance of at least £5,000,000. Failure to evidence either requirement will result in disqualification.

3. Scoring criteria

Relevant financial-services experience (35%); service-level commitments (30%); security approach (20%); commercial proposal (15%).
